2016-05-09

TO ALL LOCAL SMMEs

The municipality will start using the Central Supplier Database for the registration of prospective suppliers from 1st of July 2016. The CSD will be used to procure any service required by the municipality. The Central Supplier Database (CSD) will be a consolidated list of all supplier information for National, Provincial and Local Government. The establishment of a Central Supplier Database (CSD) will result in one single database to serve as the source of all supplier information for all spheres of government. All suppliers to any organ of state will eventually be required to have their details reflected on the CSD. We encourage all local business to register on CSD.

Note that:

SMMEs that requires assistance to register must kindly bring the following mandatory requirements: Company registration certificate, Tax clearance certificates, Bank account details, e-mail address, cell phone and Identity Documents

Provincial Government will be assisting with the registration from 23-27 May 2016 at the Municipal Office

www.csd.gov.za can be used to access the CSD.

For more information contact the SCM office:
