## **1. FOREWORD BY MAYOR**

Our Service Delivery and Budget Implementation (SDBIP) commit Lekwa-Teemane Local Municipality to meeting specific service delivery and budget spending targets for the 2011/12 financial year. It is a detailed plan of how will raise this money (through rates and service charges) and how we will spend it (with timelines, specific amounts, and on which specific projects or departments) in order to render quality services to community of Lekwa-Teemane Local Municipality. It further provides a detailed outline of how we will on a quarterly basis implement and report on (service delivered) the objectives as set out in our IDP.

Our IDP is agreed upon between local government and residents of Lekwa-Teemane through the IDP representative forum meetings that were held with the community to ensure that we plan and prioritise together. Our SDBIP gives expression to the IDP which means community needs are taken into account when developing the one year operational plan of the municipality. In ensuring that we deliver quality services to the community we need sector departments, district municipality to come on board in terms of delivering because we as Lekwa-Teemane Municipality cannot address problems in schools, or in the South African Police Services and provision of bulk water supply, just to give examples. These are under control of the Provincial, National Government and also District Municipality as our IDP is guided by the Constitution which gives effect to the specific powers and responsibilities to local government.

We want to make our services and investments in infrastructure, tourism in a way that will make Lekwa-Teemane more attractive to investors and also attractive municipality to live, work and invest. As we all know that investment induces employment opportunities and majority, especially the poor and unemployed will benefit from infrastructure investment stimulus in terms of job creation. If we don't invest now in better services, infrastructure and tourism we will not receive any new developments especially new job opportunities.

Clr R.M MAKODI

## **2. INTRODUCTION**

The development of Service Delivery and Budget Implementation (SDBIP's) is a requirement under Municipal Finance Management Act (MFMA) and gives effect to the Municipality's Integrated Development Plan (IDP) and annual budget. The SDBIP is an expression of the objectives of the municipality, in quantifiable outcomes that will be implemented by the administration for the financial period from 01 July 2011 to 30 June 2012. The SDBIP includes the service delivery targets and performance indicators for each quarter that should be linked to the performance agreements of senior management. These are vital to the implementation and entrenchment of our performance management system. The SDBIP facilitates accountability and transparency of the municipal administration and managers to the council and councillors to the community. It also fosters the management, implementation and monitoring of the budget, the performance of top management and the achievement of the strategic objectives as laid out in the IDP.

The SDBIP enables the Municipal Manager to monitor the performance of senior managers, the Mayor to monitor the performance of the Municipal Manager and for the community to monitor the performance of the municipality as each activity contains outputs, outcomes and timeframes. The SDBIP is compiled on an annual basis and includes a 3 year capital budget programme. The SDBIP is yet another step forward to increase the principle of democratic and accountable local government as enshrined in Section 152 (a) of the Constitution.

The SDBIP is in essence the management and implementation tool which sets in-year information such as quarterly service delivery and monthly budget targets and links each service delivery output to the budget of the municipality. It further indicates the responsibilities and outputs for each of the senior managers and the top management team, the resources to be used and the deadlines set for the relevant activities.

### **2.1 MFMA LEGISLATIVE REQUIREMENTS**

In terms of section 53 (1) (c) of the MFMA, the SDBIP is defined as a detailed plan approved by the Mayor of the Municipality for implementing the municipality's delivery of services and its annual budget, and which must indicate the following:

- (a) Projections for each month of-
  - Revenue collected by source; and
  - Operational and capital expenditure, by vote
- (b) Service Delivery Targets and performance indicators for each quarter, and
- (c) Other matters prescribed

According to section 53 of the MFMA, the Mayor is expected to approve the SDBIP within 28 days after the approval of the budget. This section requires him or her to take all reasonable steps to ensure that the SDBIP is approved within 28 days. In addition, the Mayor must ensure that the revenue and expenditure projections for each month and the service delivery targets and performance indicators as set out in the SDBIP are circulated or made public within 14 days after its approval.

### **3. TOP LAYER SDBIP and INDICATORS**

The SDBIP is required to include targets for the activities that will be undertaken, for physical and measurable progress as well as financially. The top-layer SDBIP includes measurable performance objectives in the form of the service delivery targets and performance indicators that are provided to the community, that is, what impacts it seeks to achieve. These are drawn from the IDP programmes, services and activities that are relevant to each specific directorate as well as the statutory plans that the Directorates are responsible for. The SDBIP's therefore are key mechanisms for monitoring the different responsibilities and targets that each Directorate must fulfil in meeting service delivery needs provided to the community.

The SDBIP is conceptualised or defined as a layered plan, with consolidated service targets and quarterly to annual deadlines and linking those targets to senior management. The Municipal Manager's scorecard represents the consolidation of all the Municipal's detailed performance indicators and service delivery targets as contained in each Directorate's SDBIP. The community and stakeholders can review these targets and performance during the IDP processes.

### **4. LINKING THE IDP and THE BUDGET**

Integrated Development Planning requires many different planning processes in order to be brought together. In terms of linking service delivery and budget implementation plans of the individual directorate in the municipality with the other planning processes in the IDP, the directorates routinely produce operational plans, capital plans, annual budgets, institutional and HR plans, etc to take the IDP forward. Clearly it is not feasible to include all of this detail within the IDP document.

The budget is allocated against the different Directorates within the municipality and also the thematic areas as contained in the IDP of Lekwa Teemane Local Municipality. Corporate objectives with measurable key performance indicators and targets are identified. The operational planning process undertaken at Directorate and sub-directorate levels yields objectives with indicators, targets and resource allocation (includes budgets) at these various levels.

### **5. REPORTING ON THE SDBIP**

Directors report to the Municipal Manager on a monthly basis. The reports must reflect whether key performance indicators and performance targets of the Service Delivery and Budget Implementation Plans are achieved.

The reasons for under performance, deviations and other challenges must be clearly spelt out, as well as measures to address under performance.

Copies of these reports are made available to the internal audit which make comments and report to the Municipal Manager. These reports are tabled at a management meeting before they are tabled at the various political committees established to assist the Mayor.

Council Committees discuss these reports and make recommendations to the Mayor. The Audit Committee receives reports from the internal audit division through the Municipal Manager and makes recommendations to Council quarterly.

Council receives performance reports from the Mayor, accompanied by the Audit committee report at the end of every quarter. Council reports twice per annum to the community through mechanisms determined by it through its community participation and communication policy.

Council also reports annually to the Office of the Auditor General and the MEC responsible for local government in the province.

### **5.1 MONTHLY REPORTING**

Section 71 of MFMA stipulates that reporting on actual revenue targets and spending against the budget should occur on a monthly basis. This reporting must be conducted by the accounting officer of a municipality no later 10 working days, after the end of the month.

### **5.2 QUARTERLY REPORTING**

Section 52 (d) of the MFMA compels the mayor to submit a report to the council on the implementation of the budget and the financial state of the municipality within 30 days of the end of each quarter. The quarterly performance projections captured in the SDBIP form the basis for the Mayor's quarterly report.

### **5.3 MID-YEAR REPORTING**

Section 72 (1) (a) of the MFMA outlines the requirements for mid-year reporting. The accounting officer is required by the 25<sup>th</sup> January of each year to assess the performance of the municipality during the first half of the year.

## **6. THEMATIC AREA 1: BASIC SERVICES**

Analysis: In terms of sanitation the municipality still has 228 buckets in Boitumelong. The Christiana Town and a section of Bloemhof are still using the septic tank systems. The total number is 705. Certain sections within the municipality still experiences problems of incomplete sewer projects. These projects were funded and managed by the District Municipality.

Refuse are collected in the entire Lekwa-Teemane. New establishments within the municipal area still need dustbins. The municipality experience a problem regarding illegal dumping at street corners and vacant stands. Skip bins are needed to address the problem of illegal dumping within the municipal area. The municipal machinery is very old and needs to be replaced.

At present the supply of water to both Bloemhof and Christiana is under severe pressure. Problems start at the abstraction points, then move to the purification plants and then on to the reservoirs, This is the result of new extensions being supplied with water and waterborne sanitation and not taking into account the capacity to supply sufficient water.

The sanitation service is currently also stretched to the limits as blockages regularly occur due to foreign objects being dumped into the system . Especially in Biotumelong the diameter of sewerage pipelines is not sufficient to deal with the large volumes.

In Christiana, Bloemhof and Geluksoord the electricity networks are old and in a dilapidated condition and needs urgent attention. Boitumelong Extension 5 should be electrified by Eskom in the 2011/12 financial year.

Both the tar, gravel and paved streets in Lekwa-Teemana are relatively old and designed many years ago and cannot cope with the increased volume and weight of the traffic that uses these roads on a daily basis and needs urgent attention.

<b>THEMATIC AREA</b>	<b>Basic Services</b>	
<b>NATIONAL GOVERNMENT STRATEGIC OBJECTIVES (2009-2014)</b>	<ul style="list-style-type: none"> <li>• Massive programme to build social and economic infrastructure</li> <li>• Sustainable Resource Management and use</li> </ul>	
<b>10 POINT PLAN</b>	Improve the quantity and quality of basic services for all people in terms of water, sanitation, electricity, waste management, roads and disaster management. <b>(Infrastructure Services)</b>	
<b>NATIONAL PRIORITY OUTCOMES (2011/16)</b>	<b>Outcome 6:</b> An efficient, competitive and responsive economic infrastructure network	<b>Role of Local Government</b> <ul style="list-style-type: none"> <li>• Ring-fence water, electricity and sanitation functions so as to facilitate cost-reflecting pricing of these services</li> <li>• Ensure urban spatial plans provide for commuter rail corridors, as well as other modes of public transport</li> <li>• Maintain and expand water purification works and waste water treatment works in line with growing demand</li> <li>• Cities to prepare to receive the devolved public transport function</li> <li>• Improve maintenance of municipal road networks</li> <li>• Develop and implement water management plans to reduce water losses</li> <li>• Ensure effective maintenance and rehabilitation of infrastructure</li> <li>• Run water and electricity saving awareness campaigns</li> <li>• Ensure proper management of municipal commonage and urban open spaces</li> <li>• Ensure development does not take place on wetlands</li> </ul>
	<b>Outcome 10:</b> Environmental assets and natural resources that are well protected and continually enhanced	
<b>DISTRICT OBJECTIVES (2011-2016)</b>	Provide and maintain the full range of social and economic infrastructure services to the needy households (that is 152 500 people) within the next five years (2011-2016)	
<b>STRATEGIES</b>		
A partnership should be established between the relevant spheres of government, private sector and the respective communities to co-plan and co-fund massive social and economic infrastructure services in the District.		
<b>Objectives( 2011-2016)</b>	<b>Strategy(s)</b>	
To deliver sustainable essential services such as water, sanitation, electricity and roads for the Lekwa-Teemane communities.	<b>Strategy(s)</b>	
	<b>Water:</b>	

	<p>Facilitation of water supply to 1000 erven in Geluksoord ext 2.  Facilitation of the upgrading of Raw water abstraction in Bloemhof  Facilitation of the upgrading of Water Purification works in Bloemhof  Facilitation of the rehabilitation of Raw Water abstraction and irrigation Channels in Christiana  Maintenance of raw water channels.  Management and monitoring of water quality.</p> <p><b><u>Sanitation</u></b></p> <p>Facilitate the waterborne sewer connections in Christiana.  Upgrading of sewer Pump Station and pumping mains in Bloemhof.  Facilitation of sanitation to 1000 households in Geluksoord ext 2.</p> <p><b><u>Waste management</u></b></p> <p>Establishment of land Fill Sites Bloemhof.  Establishment of land Fill Sites Christiana</p> <p><b><u>Electricity</u></b></p> <p>Sustain supply of electricity to Christiana, Bloemhof and Geluksoord.  Provision of electricity network in Geluksoord ext 2.  Facilitation of electricity supply to 1200 households in Boitumelong ext 5.  Maintenance of 1468 streetlights.  Installation of high mast lights in new extensions.  Solicit funding for the upgrading of electricity networks.</p> <p><b><u>Roads and storm water</u></b></p> <p>Upgrading of internal roads in bad state.  Maintenance of internal roads on a regular basis.  Upgrading and maintenance of Prince street in Bloemhof and Pretorius, Voortrekker and President streets in Christiana.</p> <p><b><u>Plant and equipment</u></b></p> <p>Operation and maintenance of vehicles and equipment</p>

## 7. THEMATIC AREA 2: LOCAL ECONOMIC DEVELOPMENT

Analysis: The municipality is still using the old LED strategy which was drafted in 2006. The municipality still has challenges regarding the implementation this strategy. Some of the challenges are:

- Lack of funding for identified projects
- Lack of human resource
- Lack of support from sector departments and the District Municipality.
- Lack of monitoring of LED projects.

In trying to boost the LED unit the municipality has established a Local Development Agency.

The municipality is trying to engage potential investors to revive all LED projects

The District municipality is currently assisting the municipality to review its LED strategy.

<b>THEMATIC AREA</b>	Local Economic Development	
<b>NATIONAL GOVERNMENT STRATEGIC OBJECTIVES (2009-2014)</b>	Speeding up growth and transforming the economy to create decent work and sustainable livelihoods.	
<b>10 POINT PLAN</b>	Enhance the municipal contribution to job creation and sustainable livelihoods through Local Economic Developments (LED's) utilizing cooperatives in every ward.	
<b>NATIONAL PRIORITY OUTCOMES</b>	<b>Outcome 4:</b> Decent employment	<b>Role of Local Government</b> • Create an enabling environment for investment by streamlining planning application

<b>(2011/16)</b>	through inclusive economic growth	<p>processes</p> <ul style="list-style-type: none"> <li>• Ensure proper maintenance and rehabilitation of essential services infrastructure</li> <li>• Ensure proper implementation of the EPWP at municipal level</li> <li>• Design service delivery processes to be labour intensive</li> <li>• Improve procurement systems to eliminate corruption and ensure value for money</li> <li>• Utilize community structures to provide services</li> </ul>
	<b>Outcome 5:</b> A skilled and capable workforce to support an inclusive growth path	<p><b>Role of Local Government</b></p> <ul style="list-style-type: none"> <li>• Develop and extend intern and work experience programmes in municipalities</li> <li>• Link municipal procurement to skills development initiatives</li> </ul>
<b>DISTRICT OBJECTIVES (2011-2016)</b>	Ensure that by means of a District-Wide Local Economic Development Strategy, the unemployment rate is reduced by 25%, thus creating 2 750 job opportunities per annum by 2016.	
<b>STRATEGIES</b>		
<p>Industrial recruitment by offering tax and other incentives to attract new firms that will create new jobs</p> <p>Place-marketing to advertise attractions, such as available land and infrastructure, a pool of skilled workers, available amenities and entertainment</p> <p>SMME promotion and support by providing business infrastructure, finance, technical support through business advice centres, providing government contracts, and the like</p> <p>Community economic development through skills training, employment brokering (connecting job-seekers with available jobs), identifying niches in the local economy for SMMEs by means of a data bank, identifying enterprises that can be established under community control</p> <p>Export promotion: identifying sectors with comparative and competitive advantage, establishing partnerships with exporting firms, promoting local products by attending trade fairs, initiating relationships with foreign cities</p> <p>Business retention and expansion by providing adequate infrastructure and services, streamlining of internal municipal functions (i.e. rezoning, building plan approvals), communicating with business chambers</p>		
<b>LEKWA-TEEMANE OBJECTIVES (2011-2012)</b>	<ul style="list-style-type: none"> <li>▪ Promoting entrepreneurship through information forums, awareness campaigns, leadership training and workshops.</li> <li>▪ Strengthening the enabling environment through more flexible regulations, better access to finance and markets, improved infrastructure facilities and business support,</li> <li>▪ Enhancing competitiveness and capacity at the enterprise level through skill training focusing more on</li> </ul>	

	quality-, productivity-, and competitiveness- support and the facilitation of technology transfer and understanding of the local economy.

## 8. THEMATIC AREA 3: MUNICIPAL TRANSFORMATION, INSTITUTIONAL DEVELOPMENT & LABOUR MATTERS

### Analysis

#### 1. Municipal Transformation and Institutional development:

##### Status Quo:

- The municipality has an adopted policy on Performance Management System and a senior manager has been appointed.
- Municipal Manager and Managers accounting directly to the Municipal Manager have been appointed in terms of the prescribed legislation and Performance Contracts have been signed;
- The municipality has an adopted SDBIP and MTAS;
- There is an adopted organizational Structure with staff complement;
- The municipality has Employment Equity Plan (EEP) and Workplace Skills Plan (WSP);
- There is an established Occupational Health and Safety Committee;
- Council and its Sub-committees are stable and meeting regularly;

##### Challenges:

- Lack of a developed performance management system and the cascading of system down to individual employees within the municipality;
- Non-payment or late payment of skills development levis;
- Training not done regularly and in terms of the WSP;
- The municipality does not have the OHS Plan and the committee is not meeting regularly;

#### 2. Labour Matters:

##### Status Quo:

- At present there is a sound relationship with the Unions. Labour matters are addressed in consultation with Unions. In the past year there have not been disputes which soured the relationship.

- There is an established structure, the local Labour Forum (LLF) which is constituted by both the Unions and the Management. This structure is a bargaining forum at the workplace.
  - There are sub-committees of LLF which should deal with a variety of issues, namely, The Training committee; Occupational Health and Safety;
- Challenges:
- The LLF and its sub-committees are not meeting regularly. This poses a challenge to the good relations between the Unions and Management as issues are not dealt with in time.

<b>THEMATIC AREA</b>	Municipal Transformation, Institutional Development & Labour Matters

Continuous implementation and monitoring.	Continuous implementation and monitoring.

## 9. THEMATIC AREA 4: FINANCIAL MANAGEMENT AND ADMINISTRATIVE CAPACITY

### Analysis:

Currently the municipality is undergoing a serious cash flow problem which creates problems of wasteful and irregular expenditures mainly on interests for late payment of creditors such as Eskom. The DDLG&T has assisted by appointing a service provider who will capacitate and collectively with the Municipality develop a revenue enhancement plan. Specific focus will be on debt collection, tariff restructuring and cash flow management. Staff shortage and skilling is a problem as well but it could only be addressed after the above project is completed.

<b>THEMATIC AREA</b>	Financial Management and Administrative Capacity	
<b>NATIONAL GOVERNMENT STRATEGIC OBJECTIVES (2009-2014)</b>	Building a developmental state including improvement of public services and strengthening democratic institutions	
<b>10 POINT PLAN</b>	<ul style="list-style-type: none"> <li>• Restore the institutional integrity of municipality</li> <li>• Develop and strengthen a politically and administratively stable system of municipalities</li> <li>• Uprooting of corruption, nepotism, maladministration in our system of local government.</li> <li>• Build and strengthen the administrative, institutional and financial capabilities of municipality, and all municipalities should have clean audits by 2014.</li> </ul>	
<b>NATIONAL PRIORITY OUTCOMES (2011/16)</b>	<p><b>Outcome 12:</b> An efficient, effective and development oriented public service and an empowered, fair and inclusive citizenship</p>	<ul style="list-style-type: none"> <li>• Comply with legal financial reporting requirements</li> <li>• Review municipal expenditures to eliminate wastage</li> </ul>
<b>DISTRICT OBJECTIVES (2011-2016)</b>		
<b>LEKWA-TEEMANE OBJECTIVES:</b> Build and strengthen the financial management of the municipality to enhance service delivery and achieve clean audit by 2014		
<b>STRATEGIES</b>		

#### **EFFICIENT AND EFFECTIVE FINANCIAL MANAGEMENT**

- Review and adoption of finance policies
- Financial reporting and in year reporting
- MTEF plan
- Budget management
- Ensure alignment of financial systems to GRAP/ Budget format
- Develop a five year integrated financial management plan.
- MFMA Implementation reform
- Development project based funding model.
- Development of the asset registers as prescribed by GRAP.
- General Ledger balancing
- Annual financial statement compilation.
- Section 71 reporting
- Section 72 and other legislative reporting.

#### **REVENUE ENHANCEMENT STRATEGIES**

- Tariff setting
- Billing
- Meter reading
- Debtors reconciliations
- Revenue management
- Distribution of accounts
- Grant funding management
- Development of cost recovery strategic plan
- Manage and maintain updated valuation roll.

#### **SUPPLY CHAIN MANAGEMENT STRATEGIES**

- Review and update of the Supply Chain Management policy.
- Capacitate supply chain unit.
- Contract management ( Compliance)
- Maintain updated service provider data base.

#### **EXPENDITURE AND BUDGET MANAGEMENT STRATEGIES**

- Payments be effected within 30 days
- Submission of both expenditure and budgets reports timely.

- Timely creditors' reconciliations.
- Implement budget reforms as per MFMA.
- Capacity building
- Safeguards of the supporting documents.
- The development of a comprehensive inventory and stores management policy.
- Annual budget compilation.
- Cash flow management
- Investment management.

**BUDGET AND TREASURY MANAGEMENT**

- Manage revenue section
- Manage supply chain management unit
- Manage credit control and debt collection unit
- Manage expenditure and budget management unit.
- Manage financial management, asset management and reporting unit.
- Finance Intern Capacitating.

**CREDIT CONTROL AND DEBT COLLECTION**

- Indigent Management.
- Review and maintain credit control and debt collection procedures.
- Managing the cut-off, restriction, and disconnection and re connection.
- Reducing number of collection debts to 45 days.

## 10. THEMATIC AREA 5: GOVERNANCE, PUBLIC PARTICIPATION & INTEGVERNMENTAL RELATIONS

### Analysis:

#### 1. Governance & Public Participation:

##### Status Quo:

1. Council has been meeting regularly
- 2.

##### Challenges:

1. Though meeting regularly it has not been in terms of the adopted schedule of meetings.

#### 2. Intergovernmental Relations:

##### Status Quo:

1. There is an existing IGR Forum constituted by sector departments.

##### Challenges:

1. The IGR does not meet regularly

<b>THEMATIC AREA</b>	Governance, Public Participation & Intergovernmental Relations
<b>NATIONAL GOVERNMENT STRATEGIC OBJECTIVES (2009-2014)</b>	Building a developmental state including improvement of public services and strengthening democratic institutions
<b>10 POINT PLAN</b>	<ul style="list-style-type: none"> <li>• Municipalities that have reliable and credible Integrated Development Plans (IDP's) that are used as a guide for every development, programs and projects within that municipality.</li> <li>• Develop a coherent and cohesive system of governance and a more equitable intergovernmental fiscal system.</li> <li>• Build and strengthen the administrative, institutional and financial capabilities of municipality, and all municipalities should have clean audits by 2014.</li> <li>• The creation of a single window of co-ordination, support, monitoring and intervention as to deal with</li> </ul>

	uncoordinated interaction by other spheres of government with municipalities including unfunded mandate.	
<b>NATIONAL PRIORITY OUTCOMES (2011/16)</b>	<b>Outcome 9:</b> Responsive, accountable, effective and efficient local government system	<ul style="list-style-type: none"> <li>• Adopt IDP planning processes appropriate to the capacity and sophistication of the municipality</li> <li>• Implement the community work programme</li> <li>• Ensure ward committees are representative and fully involved in community consultation processes around the IDP, budget and other strategic service delivery issues</li> <li>• Continue to develop performance monitoring and management systems</li> <li>• Ensure councils behave in ways to restore community trust in local government</li> </ul>
	<b>Outcome 12:</b> An efficient, effective and development oriented public service and an empowered, fair and inclusive citizenship	
<b>MUNICIPAL OBJECTIVES (2011-2016)</b>	<p style="text-align: center;"><b>OBJECTIVES</b></p> <ol style="list-style-type: none"> <li>1. To ensure good governance;</li> <li>2. To Project Lekwa-Teemane Municipality as a preferred area to invest, live and work;</li> <li>3. ## 11. THEMATIC AREA 6: SPATIAL RATIONALE AND ENVIRONMENTAL MATTERS

There are disparities that exist with regard to Spatial Planning and Environmental issues within the Lekwa-Teemane Local Municipality. The historically distorted spatial patterns have not been addressed as evidence of the imbalances of the past still persists, despite interventions by the Municipality.

The Dr. Ruth S. Mompoti District Municipality, developed a Spatial Development Framework in 2007 for the Naledi Local Municipality, which has not been reviewed therefore they are not in line with current developmental legislation and policies, hence deemed outdated.

The Lekwa-Teemane Local Municipality has reviewed their Spatial Development Framework in 2010. The review and/or development of SDFs is not only for alignment with provincial and national policy, but it they also need to be informed by our 3<sup>rd</sup> generation IDPs which come into effect at the end of the 2010/2011 financial year. The newly developed SDF for Lekwa-Teemane fully addresses the latter, as it has been developed in accordance to current policies and guide lines.

All of the above will contribute in achieving the core objectives and strategies of Space, Economy, Governance and Communication as endorsed in the IDP

<b>THEMATIC AREA</b>	Spatial Rationale and Environmental Matters	
<b>NATIONAL GOVERNMENT STRATEGIC OBJECTIVES (2009-2014)</b>	<ul style="list-style-type: none"> <li>• Sustainable Resource Management and use</li> <li>• Build a cohesive and sustainable communities</li> </ul>	
<b>10 POINT PLAN</b>	Improve the quantity and quality of basic services for all people in terms of water, sanitation, electricity, waste management, roads and disaster management. <b>(Spatial &amp; Environmental Services)</b>	
<b>NATIONAL PRIORITY OUTCOMES (2011/16)</b>	<b>Outcome 8:</b> Sustainable human settlements and improved quality of household life	<ul style="list-style-type: none"> <li>• Cities must prepare to be accredited for the housing function</li> <li>• Develop spatial plans to ensure new housing developments are in line with national policy on integrated human settlements</li> <li>• Participate in the identification of suitable land for social housing</li> <li>• Ensure capital budgets are appropriately prioritized to maintain existing services and extend services</li> </ul>
	<b>Outcome 10:</b> Environmental assets and natural resources that are well protected and continually enhanced	<ul style="list-style-type: none"> <li>• Develop and implement water management plans to reduce water losses</li> <li>• Ensure effective maintenance and rehabilitation of infrastructure</li> <li>• Run water and electricity saving awareness campaigns</li> <li>• Ensure proper management of municipal commonage and urban open spaces</li> <li>• Ensure development does not take place on wetlands</li> </ul>
<b>DISTRICT OBJECTIVES (2011-2016)</b>	<ul style="list-style-type: none"> <li>• Provide and maintain the full range of social and economic infrastructure services to the needy households (that is 152 500 people) within the next five years (2011-2016)</li> <li>• Ensure that the housing needs of the most disadvantaged residents are adequately addressed in the</li> </ul>	

	District (more than 30 000 housing opportunities by 2016).
--	--

<b>STRATEGIES</b>	
-------------------	--

<p>Verify the housing need in the respective Municipal Areas with the respective communities and relevant role-players Devise and implement a Capacity-Building Programme, focusing on building the capacity of staff to manage housing projects Increase the housing/ownership options and choice (owner-built, rental housing, higher density urban, communal) Focus on the development and implementation of a Rural Housing Development Plan Make the community aware of the availability of housing subsidies Establish Public-Private Partnerships (PPPs) Ensure that housing needs are reflected in and coordinated through spatial planning</p>
